## MESSAGE

Surgical Industry started in small city of Sialkot in 1908 by our fore fathers. My father had a great skill of hand work from his father and then it inherited to us in the family.

We three brothers started partnership company in 1946 named Hillerich Brothers and first export to Turkey and Nigeria in 1948 and then to USA in 1954 and today our export goes to around seventy countries and Hilbro name is known worldwide for quality and reliability.

My first trip abroad was in 1958 and I visited Middle East, Europe, and North America for five months. Now in year 2022 Hilbro family has seven companies, seven factories, most modern machines, skilled labor, and worldwide presence.

Hilbro family in Sialkot has contributed in Surgical Industry as an elder. Our vision and mission is to serve humanity which is very much connected to healthcare and this is key to good life.

Hilbro hopes to continue to work closely and indulge all its gratification to our valued customers and friends worldwide.

Muhammad Ashraf  
Chairman

“HILBRO IS A 4TH GENERATION  
FAMILY OWNED BUSINESS”

Most family owned businesses cannot successfully transition to the second or third generation, Hilbro has defied the odds, currently operating with management from the third and fourth generations. Furthermore, the strategic direction of the company has allowed for steady and significant growth. We strongly believe that our values have laid the foundation for our success and longevity for our past, present and future.
